

Flower Mound Counseling Statement on COVID-19

Regarding the Coronavirus (COVID-19) outbreak, Flower Mound Counseling would like to confirm to all clients that, according to the City of Denton's Health and Safety Department, as of March 13, there have been **no confirmed cases** of COVID-19 in Denton County.

Flower Mound Counseling is open and our counselors will continue to see clients at this location. We are taking extra precautions by disinfecting surfaces multiple times per day, as well as providing hand sanitizer throughout our building. All counselors will work to stay at least six feet from their clients.

If you would be more comfortable conducting your session virtually, please contact your counselor. Most counselors are offering both telephone and online based sessions.

We will continue monitoring the situation and will update our policies as appropriate. Please know that the well-being of our clients is our number one priority. Please do not hesitate to contact us should the need arise during this difficult time.
